2008 Run/Roll Tennis National Championship Series

Legs Don't Work.com has taken the lead in organizing the Run/Roll Tennis format into a National Championship Series!

Over 15 regional events were independently organized in each of the last two years with no year end event to bring all division winners together for a Championship Finale. The 2008 Run/Roll Tennis National Championship Series will do just that.

With the support of a title sponsor, Legs Don't Work.com will work with all local event organizers to standardize the run/roll format and create an opportunity not only for local tennis players to compete, but for event winners to compete in October, in Atlanta for the title of Run/Roll National Champion.

Your efforts at the local level have made this event a possibility, now we need your help to make a National Championship Series a **REALITY!**
